

Homework for Monday, August 14, 2017

At the BC Calculus website, click on "E-mail Mr. DeRuiter", or start an e-mail addressed to: scott_deruiter@fuhisd.org

On the **subject line** of your email, you should print your **name** and your **period number**. In the **body** of your e-mail, you should do **two** things:

- (1) Type in your name (again)
- (2) Give me a conversation starter for you.

Below, you will find the body of a "sample e-mail". Please follow the indicated format.

To: scott_deruiter@fuhisd.org

From: **Jillian Wong, period 5**

(1) **Jillian Wong**

(2) **I went to Argentina this past summer. OR**

I once met Ariana Grande. OR

I spend a lot of time playing the violin. OR

I have a cat named Horatio. OR

Hopefully you get the idea (Note: This conversation starter should be true about you and/or should express a true sentiment/opinion of your own!)
